

PRE-TOUR PLANNING

[Our Travel Director](#) has created informative educational brochures for our travelers, and/ or videos discussing each of the places we will visit in Italy. These resources include orientation luncheons, dinners, and The Italian Cultural Society's Italian Language School offering classes and seminar to prepare travelers with language, cultural and important travel information. [Our Travel Director](#) and our travel agents, as well as our staff in Italy will assist and guide you with your travel planning.
